GENUINE SWISS ARMY KNIFE
SINCE 1893

WENGER MAKER OF THE GENUINE SWISS ARMY KNIFE™

Wenger has been at the forefront of technological innovation for over a century. The company has been a vanguard of knife technology since 1908 when it began pioneering the development of army knives as precision multi-tools for the Swiss Army. The knives' exclusive patented features reflect Wenger's impressive track record for developing new ideas.

Over the past 100 years, Wenger has continued to innovate. This is best exemplified by the company's watches as well as travel, outdoor and business gear, all of which have been designed and crafted with the same inspiration and dedication that was devoted to the Swiss Army knife.

Freecom and Verbatim – suppliers of award-winning computer data storage solutions – have been proud to distribute Wenger products since 2007. The partnership is good news for Wenger customers that benefit from excellent customer service and support from experts that already share a passion for design excellence and fully understand how to protect valuables such as computer data and equipment from harm.

Freecom and Verbatim are excited to present Wenger's Notebook Case collection for 2013 which removes any worries business professionals may have about safely transporting their notebook to work. Every stylish Notebook Backpack, Notebook Case, Wheeled Notebook Case or Notebook Sleeve has its own unique Wenger design and shares the same luxurious quality and practicality that makes a Wenger Case vital whether your commute involves globetrotting, city hopping or simply strolling into town. Every product sporting Wenger's distinctive Swiss cross logo demonstrates smart engineering, eye-catching design and unbeatable quality. Those executives seeking inspiration and adventure at work will not be disappointed.

QUIK POCKET™

Wenger bags are famous for their smart practical details and features. Take the Quik Pocket™. It's always easy to locate and open, and you'll quickly find what you need. Vital items such as car keys, smartphone or passport are always in clear sight and close reach when you need them. That's why Wenger coined this attribute the Quik Pocket™.

PREMIUM MATERIALS

Swiss craftsmanship is synonymous with outstanding quality, reliability and innovation. The stylish Wenger Notebook Case collection is proof of this. The long-lasting luxury cases offer plenty of protection against wear and tear, plus many useful features and high quality accessories. Altogether, customers get unbeatable value for money.
